# Select Homes of Moderate Cost...

This book contains an exclusive selection of small homes at moderate costs, especially designed by competent architects of outstanding skill and reputation in the field of small home architecture.

The homes illustrated present a wide range of exceedingly attractive architectural styles, each one possessing originality and charm and in full keeping with the trend of small home architecture of today.

They were chosen because of their architectural merit as reflected in beauty of appearance, and because they attain the utmost in interior conveniences and general living comforts.

In addition to their graceful and most pleasing architectural lines and up-to-date practical floor arrangements, every home has been carefully planned to provide the ultimate in sound construction and economy, thereby insuring lasting satisfaction and investment values.

All of us at one time or another, give thought to the desirability of owning a home, because of the added pleasure and security home ownership brings. If you are one so thinking we urge that you think decisively on the subject while existing circumstances relating to new home building are so greatly in your favor.

At no time since the first American home was built has it been so easy for the average family, or man of small means—from the standpoint of finance and other favorable conditions, to build a good new home on terms now possible. Truly this is a day of opportunity for the home builder.

Our architects have prepared complete working plans and specification forms for each of the homes herein displayed, but in the home you select some change may be desired and if so the plans can be altered at a very low cost to meet your ideas. For full information see pages 44 and 45.

It would be a real pleasure to assist you to acquire a home of your own and in that connection to furnish complete information regarding materials, labor cost, or an estimate of cost and other data required for any home in which you might be interested.

We can be of very definite service to you in explaining all details of construction and other features in the home of your choice. Our broad experience and knowledge of materials, trade conditions and finance will be of the greatest help and value to you.

We want you to know that you may discuss any phase of home building, including finance, with us most freely for we welcome such discussions with our absolute assurance that they will not entail any obligation on your part. If interested 'phone, or write, or better still come in and see us.

# THE SOUTHAMPTON

FIVE ROOMS AND BATH

*A* clever interpretation of the English cottage style of architecture that combines unusual attractiveness with convenient comfort. Rooms are particularly well arranged and there is a delightful open porch off the commodious and comfortable living room. The plans are well worth more than passing notice because of the splendid arrangement and the many built-in features.

**IS THE FIRST ESSENTIAL IN THE BUILDING OF YOUR HOME**

## EXPERIENCED DESIGNERS

## BLUE PRINT PLANS

Basement or foundation plan, first floor plan, second floor plan, front elevation, right side elevation, left side elevation, rear elevation, sections and detailed drawings, framing plans complete. All working plans are drawn to standard scales. Blue prints for each design are available.

Obviously, a plan designed for a lot facing east will not result in the best exposure when your lot fronts to the west. We will therefore, furnish you with an additional set of reversed blue prints, if this change is required. Ask us for full particulars.

Further supplementary details for any of our plans will be furnished upon request.

Any of these plans can be revised to suit your special requirements.

We are prepared to furnish accurate working drawings made according to your own ideas and requirements.

Specifications are statements of particulars which tell what you are going to receive in materials and workmanship for the construction of your home. The stability, quality, and cost of your home will be directly affected by the materials selected and the workmanship you receive. Our specification forms are thorough and complete. Our trade knowledge is at your service—and—we are glad to assist you in the specification of materials.

# Home Financing Made Easy Under the F. H. A. Insured Mortgage Plan

## NATIONAL HOUSING ACT

Under the terms of the National Housing Act, insured mortgages have been made available to you. You can now build your own home with the certainty of ACTUAL ownership before you. Today you can build a home that will be yours in 10, 15, or 20 years.

## YOUR RENT PAYS FOR HOME

The easiest way for you to pay for a home is to pay for it as you pay rent. The logical way is to pay monthly, out of income, an installment on the principal and the interest, etc., and thus, over a given period of years, pay off the entire mortgage and have the house free of all debt. It's very much like buying a house and then renting it to yourself.

## SMALL INITIAL INVESTMENT

Now you can buy or build a house on exactly that basis. Your initial investment in the property can be as little as 20 percent of its value. You may borrow the balance (up to 80 percent of the F. H. A. appraised value but not more than \$16,000) from an approved lending institution, covered by Government insurance, and repay the entire amount on a monthly basis. In most cases if your lot is fully paid for and clear of all encumbrances, the loan you can have will cover all costs of construction, etc.

## LONG PERIOD FINANCING

You may take up to 20 years to pay. You may pay in 10 or 15 years, if you like. Each month you pay an installment which not only includes the interest and a part of the principal sum borrowed, but includes also a twelfth part of the annual taxes, mortgage insurance premium, and the fire and other hazard insurance premiums.

## WHAT DOES IT COST?

Less than the old method of home financing, BECAUSE YOU MAY BORROW UP TO 80 PERCENT OF THE APPRAISED VALUE OF YOUR HOME. That means ONE MORTGAGE, THE END OF REFINANCING PROBLEMS, A FAIR AND GOVERNMENT-CONTROLLED INTEREST RATE AND SERVICE CHARGE.

## WHO LENDS THE MONEY

Local financial institutions such as banks, mortgage companies, life-insurance companies, and building and loan associations, are in a position to finance the purchase if you are able to make a down payment or establish an equity of at least 20 percent of the total value. If your lot is fully paid for and clear of all encumbrances, the value of the lot can be equivalent to 20 percent of the total property cost. It is, of course, to your advantage to make a larger down payment if convenient, but your borrowing capacity on this new plan, as sponsored by the Federal Housing Administration, is 80 percent of the total value—offered in one mortgage—and repayable monthly like rent. See example below.

## MONTHLY PAYMENT PLAN

BASED UPON LOAN OF \$3000:

	10 yr.	15 yr.	20 yr.
Principal and Interest....	\$31.82	\$23.72	\$19.80
Mortgage Insurance Fee..	1.25	1.25	1.25
*Taxes and Assessments..	6.25	6.25	6.25
*Fire Insurance Premium..	.58	.58	.58
Service Charge .....	1.21	1.22	1.23
TOTAL.....	\$41.11	\$33.02	\$29.11

NOTE: These amounts are the entire cost for homeownership, assuming you build on a lot of approved value of \$750 to which you have acquired title.

\*These figures are based upon an average. There is always a variation in assessed valuation of property, tax rates, insurance, and other factors. But such variance will, in most cases, not exceed more than \$1.00 per month per \$1,000.00.

**Call on us for actual costs and complete data.**

## OWN YOUR HOME

Thus, there is today placed before you a broad highway to home ownership. A way that enables you to pay for your home, as you go, at a lower cost, with all the elements of safety, convenience and assurance.

Today you can build a home, knowing that you are able to make the monthly payments, and that at the end of the monthly payment period the home will be yours.

**Come in and see us. You will not be obligated in any way. We can assist you in making the necessary arrangements to properly and adequately finance the home of your choice.**

## WE FURNISH COMPLETE INFORMATION

We cheerfully furnish all data and costs pertaining to any of the Home Designs in this Book. For information desired fill in and check Questionnaire, then mail or deliver to us. No obligation incurred.

- A I am interested in The.....Design on Page.....
- B I own Lot No.....Block.....In Subdivision.....  
.....Street.....
- C My lot is.....feet wide and.....feet long.  
Corner Lot Yes ☐ No ☐
- D I would like to begin building..... Date
- E Name .....  
Street ..... Rural Route .....Box .....  
Post Office .....State .....Telephone .....

I WOULD LIKE TO HAVE YOU FURNISH ME THE REQUIRED INFORMATION WHICH I HAVE CHECKED (V) NUMERICALLY IN THE FOLLOWING QUESTIONNAIRE.

- 1 ☐ Do you think this home is suitable to my lot size and is it appropriate? .....
- 2 ☐ Is this home of a type of construction that you would recommend for conditions in this community?.....
- 3 ☐ What is the approximate construction cost of building as originally designed?.....
- 4 ☐ Can I secure actual costs from you?.....
- 5 ☐ What is the cost of the working drawings?.....
- 6 ☐ How many plans do you think I may need?.....
- 7 ☐ Do you furnish complete specifications and documents?.....
- 8 ☐ Are the plans and specifications acceptable for Mortgage Loans and F. H. A.?.....
- 9 ☐ How much time will be required to build this home?.....
- 10 ☐ Can I make changes in materials, such as lumber, flooring, brick, masonry, finish, doors, trim, roofing, etc.?.....  
.....
- 11 ☐ What kind of heating system do you recommend?.....
- 12 ☐ Can you advise how to finance this home?.....
- 13 ☐ Can you tell what my monthly payments will be according to the F. H. A. Insured Mortgage Plan?.....  
.....
- 14 ☐ Will you make any changes in the plans which I may require? .....
- 15 ☐ Is it possible to increase or decrease the size of this home without affecting the appearance?.....
- 16 ☐ Can you furnish plans of a one car ☐ or a two car ☐ garage that will be in keeping with the architecture of the home I have selected? .....
- 17 ☐ Can a garage be attached to the house in a practical manner that will not affect the architecture?.....
- 18 ☐ Will you make special plans according to my own ideas and requirements? .....
- 19 ☐ Do you contract to erect homes?.....
- 20 ☐ Do you furnish screens, storm sash and storm doors?.....
- 21 ☐ Do you have other designs in addition to those shown in this book? .....
- 22 ☐ I also desire the following information.....
